THE 2023 GLOBAL LEADERSHIP SUMMIT

I am confident you will be inspired (and energized!) by renewed courage, practical guidance, and fresh leadership perspectives, so that when you leave, you are empowered and equipped to live out a bigger vision that creates meaningful change in your community.

The Global Leadership Network team has the privilege of serving over 300,000 leaders around the world through the Summit and other leadership development resources. In 110 countries, these leaders come together to ignite transformation in their churches, companies, communities, and countries. I'm excited for you to hear some of their powerful stories over the next two days.

Working alongside these courageous leaders, I am convinced that leadership matters more than ever, and the leadership needed to create positive change in the world starts with you.

Whether you are a teacher investing in the success of the next generation, an emergency room nurse, a CEO of a publicly traded company, a ministry leader, the owner of a thriving business, or a college student, you can be the spark that ignites transformation as you **LEAD WHERE YOU ARE**.

Celebrating your leadership impact,

AS YOU BEGIN

As your Summit journey begins, take a few moments to reflect and prepare...

#### Take a deep breath.

Set aside the weight of leadership.

#### Be open.

You may learn the most from someone very different from you.

#### **Reflect on ideas** that challenge you.

The ones you agree with and ones you don't. They both hold value.

#### Tell yourself the truth.

The hard and honest truth. It's the only way to get better.

#### Identify who is on the journey with you.

Don't go it alone.

# THE GLOBAL **LEADERSHIP DEVELOPMENT** |

For many attendees, being able to participate in The Global Leadership Summit is a privilege. It requires the gifts of time, resources, transportation, and community support. Through the GLDF, we get the opportunity to pay it forward!

# **FUND**

#### Because everyone deserves access to the life-changing experiences we share at the Summit.

Leaders everywhere need access to fresh perspectives, practical guidance and the tools they need to affect change in their communities—especially in places where transformational leadership training has not been made accessible.

That's why the Global Leadership Development Fund (GLDF) recognizes and amplifies the potential of leaders around the world by focusing on those who have been overlooked or underestimated. GLDF donations support aspiring women leaders, men and women behind bars, at-risk populations, young leaders, and people living in some of the most challenging political and social environments in the world.

The GLDF maximizes the influence of the Summit by radiating opportunities far and wide.

### TOGETHER, WE **REACH THE WORLD.**

In 2022, your generosity transformed more than 300,000 leaders. How many millions more will they affect in turn? GLDF donations made it possible to:

- Translate GLS resources into **55 languages**
- Support GLS events in 110 countries, including 1,400+ cities
- Bring GLS to 200 prisons & 100 shelters & transitional homes
- Hire staff to support under-resourced communities

### WAYS TO GIVE

### DAY 1

### TAKEAWAYS

#### What will we do together in 2023?

# WOMEN **E LEADERS** NETWORK

Global Leadership Network is responding to the global need to create opportunities for women leaders to gather, grow, and encourage one another in leadership! Global Leadership Network champions women and men leading well together; to do so, we believe we need to raise the value of women leaders and empower and equip them to step into their leadership calling.

Led by local leaders, Women Leaders Network (WLN) is an initiative to equip and empower women in leadership roles globally, whether it is in business, church, or non-profit settings. There are currently 27 cohorts in 12 countries piloting the program, with the goal to unite women here in the U.S. and around the world to be transformational change-agents.

The new Women Leaders Network

## HAS OFFICIALLY LAUNCHED!

"When women come together, there is something powerful about the encouragement they feel to step into great spaces. It is a new day, and we need to see women thriving alongside men in all levels of leadership."

# PRISON PROGRAM

### Helping incarcerated men and women discover their purpose, believe in their worth, and become leaders for positive change.

With 2 million people living behind bars, the United States has the world's highest incarceration rate. These men and women are too often cut off from community and left without any tools, resources, or support to alter the trajectory of their lives, let alone make a life-giving impact on others.

The Prison Program partners with prisons and prison chaplains to bring The Global Leadership Summit to these forgotten places. Our partners report that the Summit's combination of leadership lessons and Christian principles have led to improved prison cultures with better communication and decreased violence. Upon their release, we can continue to serve them through Ministry Connect.

"The speakers' stories were amazing. Some gave me joy, some happiness, some even made me cry. But all gave me hope. Hope is a lot when you are incarcerated. I plan on being a success story when I get out and to be a better leader."

— HECTOR, COLORADO

### Delivering transformational leadership tools to at-risk, under-resourced populations.

Many people in our country are living in cycles of trauma and injustice that threaten to trap them year after year, generation after generation. For example, almost 44 percent of incarcerated people return to prison within a year of their release.

Through Ministry Connect, the Global Leadership Development Fund provides resources from The Global Leadership Summit to a variety of organizations, including homeless shelters, transitional housing, re-entry centers, crisis centers, addiction centers, and nonprofits serving victims of sex trafficking.

In 2022, more than 2,500 people at more than 90 locations received cycle-breaking training to help them connect to a higher purpose, believe in a better future, and start making positive change for themselves and others.

> "It gave me the push and wisdom to jumpstart my passion for life again."

# Empowering youth. Making a difference. Transforming lives.

Sometimes our boys need to see a sermon. Our goal is not to model perfection, but to model consistency in how we lead in the community, resolve conflict peacefully and productively, and overcome obstacles. # CREATING THE WORLD WE NEED

Imagine what can happen when leaders everywhere have the insights, tools, and inspiration they need to live out a vision bigger than themselves. It leads to changed businesses, changed churches, changed communities, changed lives.

But in many areas of the world, leadership training like you're receiving today does not exist. These leaders need an opportunity to recognize their potential. Step into their calling. Spark a new wave of transformation.

### Why the Global Leadership Development Fund?

At Global Leadership Network, we believe a foundational part of the solution to every global problem is stronger leadership. **That's why the Global Leadership Development Fund (GLDF) provides transformational leadership training where it has not yet existed**—in places like Cameroon and Laos.

Everyone deserves the opportunity to grow, live with hope and purpose, and influence the world around them. When you invest in men and women behind bars, at-risk populations, and young leaders, you are the spark that ignites change where it's needed most.

# SCAN TO GIVE NOW

## Will you invest in another leader and create a better future for generations to come?

God is doing incredible things all over the world. Despite political and economic challenges, leaders are rising, innovating, and influencing others.

You're invited to be a part of creating the world we need.

# LEADERSHIP MATTERS

Leadership matters today more than ever. The challenges facing the world are critical, divisive, and complex. In light of this, we need deeply passionate, well-equipped, values-based leaders on fire to transform the world.

Yet, many leaders lack the ability to access leadership resources that can amplify their potential.

YOU can change that by supporting the Global Leadership Development Fund, which delivers Summit and other leadership development resources to under-resourced communities and leaders around the world.

### WHY?

Because, when we inspire and equip leaders...

The hungry are fed.

Women are empowered.

The oppressed resist.

Corruption ends.

Families are made whole.

Slaves are freed.

Churches thrive.

Children are protected.

The persecuted regain hope.

The incarcerated are restored.
